WEATHER PROBABILITIES.—For this section partly cloudy, possibly showers, northerly winds.

THE COLLECTORSHIP.—The Washington correspondent of the Richmond Dispatch says in reference to the U. S. Internal Revenue Collectorship for this district:

"Warrenton, that live, cultured, and not a bit bashful town when there is an office in sight, will not be slow to come forward with a candidate. Indeed, the report already reaches this city that Mr. Mose Green is out for the place. Then there is Thad. Fletcher, the well known merchant of Warrenton, who is said to be willing if the powers that be will confer the appointment upon him. The balance of the people have a kind of idea that Warrenton ought to stand back, but the democrats of that good old town do not look at the question in the same light. They say they have men capable of filling any place in the gift of government and that if the Washington Post cannot get anyone else to run for President from the South next year they might on a pinch trot out a man, though they have never been anxious to reach quite that far during the present generation. The Warrentonians do not think they are asking too much for the appointment now, on the ground that by rights the unexpired term ought to go to a man in their place because a Warrenton man had it, and having passed away it is only proper that some other well-known man of the town should be his successor."

"So far as can be ascertained, the Virginia Senators and those representatives from the State interested in filling the vacancy caused in the collectorship of internal revenue for the western district by the death of Captain Shepperd have not yet come to any agreement on a candidate. There was a rumor here this morning that a combination had been formed but it could not be traced to any reliable source. Around the hotels there is lively talk to the effect that Senators Daniel and Martin have formed a combination, and will ultimately unite on a candidate."

A letter from Lynchburg says: "Gen. Fitz Lee, who happened to be at the depot yesterday afternoon, was interviewed on the subject of his reported candidacy for the collectorship office. The General declared that the first he had ever heard of the matter was through the newspapers. He knew nothing about it and had not given it a thought."

DISCHARGED AND REARRESTED.—"Eddy" Desmond, the suspected safe-blower, was brought before Judge Hughes, on a writ of habeas corpus. Desmond, it will be remembered, was arrested about ten days ago at Jackson City and lodged in jail in this city and subsequently turned over to Commissioner Fowler, of the U. S. Court, on a warrant. The habeas corpus proceedings were for the purpose of testing the right of the latter court to have the prisoner in charge. Judge Hughes discharged Desmond, but immediately ordered his rearrest by Deputy Marshal Glover on a bench warrant from Washington and turned him over to the Marshal of the District of Columbia. Desmond was represented by Mr. Charles Bendheim, Assistant District Attorney, of Washington, and some detectives from that city were present. Desmond was taken to Washington on the 1:30 o'clock ferry boat this afternoon. "Billy" Williams, the second suspected member of the gang, was arraigned before Judge Cole yesterday in Washington in Criminal Court No. 1 on charges of housebreaking and larceny. He pleaded not guilty, and bail was fixed at \$1,500 in each case, which he was unable to give. He was then returned to jail. A day for his trial has not been set.

TRINITY CHURCH REVERSAL.—Mr. Stokely, the evangelist from Pennsylvania, who began revival services in Trinity Church last evening, spoke to a large congregation, and proved himself a genuine success, for his words moved two of his hearers to repentance and faith. Mr. Stokely is simple and earnest, using intelligible illustrations and arguments, subordinating everything to practical results. A sermon with him is not an end of itself but a means to an end. His real object is to move the will of the hearer to accept the great Master. In his discourse last evening based on the sixteenth chapter of St. Mark's gospel he expressed his amazement that when any one began to preach the glorious gospel there were some who believed they were introducing a plague into the community. They saw no good news in the announcement of Christ's mission on the earth. Mr. Stokely is naturally dramatic and his words are often pictorial. He gave a most realistic description of the woman who touched the hem of Christ's garment and was healed. He will not lack an audience and will make by force his merit known. The meetings will continue through this week.

MISSION SERVICES.—There was a large attendance last night in the First Presbyterian Church where Union mission services were inaugurated. The meeting was held under the auspices of the workers of the Central Union Mission of Washington, who recently established a branch in this city. The services were conducted by Supt. Bailey, Rev. T. H. Rice of the Second Presbyterian Church offered up the prayer, and many of those present, of whom many were members from churches all over the city, held up their hands for prayer and expressed their willingness to enlist in the cause of the mission. Previous to assembling in the church the members of the mission held a preliminary open-air meeting at the intersection of King and Washington streets. A large crowd gathered and manifested considerable interest in the exhortations.

POLICE COURT.—Mayor Strauss presiding.—The following cases were disposed of this morning: Theodore Kitts, James Harris and Charles Peterson, all colored, arrested by Officers McCuen and Hayes charged with fighting, were fined \$2.50 each. A colored boy, having in his possession a pair of shoes believed to have been stolen, was held. Night Report.—Last night was cloudy and cool. Three prisoners and two lodgers were at the station house.

PERSONAL.—Miss Marian Fendall, daughter of the late Major Philip Fendall, United States Marine Corps, and Mr. Jacob Wendell, Jr., of New York, were married at noon yesterday at St. John's Church, Washington.

Mrs. Anna Slaymaker, who is visiting her niece, Mrs. John Rideout in Petersburg, suffered a slight stroke of paralysis yesterday. To day, however, her condition had greatly improved.

Misses Mamie and Eleanor French last night very delightfully entertained a number of their friends at a dancing party given at their home on Alfred street.

Major R. W. Hunter was in the city to-day for a short time.

Rt. Rev. A. Van De Vyver, bishop of Richmond, is the guest of Rev. Father Cutler.

Miss Margaret B. Kenefick, of Richmond, who has been visiting Mrs. Mary Dwyer, left for Baltimore yesterday.

Mr. J. M. Reed and Miss Hannah F. Paff, Mr. Thos. McDermott and Miss Veronica Power, and Mr. Robert Edington and Miss Estella R. Cline will be married this evening.

COUNTY SCHOOL BOARD.—The School Board of the county met at the County Courthouse this morning, Superintendent of Schools James E. Clements presiding. The school levy for the next school year was laid as follows: For Jefferson district, 30 cents on the \$100 worth of property; 35 cents for Washington district, and 40 cents for Arlington district.

The application of citizens of Arlington district for building a school house at Carlin's Springs and a colored school house near Arlington was referred to Trustees A. P. Douglass, Harvey Bailey and George W. Veitch with the request that they make a special report at the next meeting.

A petition for the construction of a new school house at St. Elmo was referred to Trustees John Robertson, E. T. Sison and G. W. Salsbury to make a similar report at the next meeting.

The board then adjourned.

CORPORATION COURT.—Judge J. K. M. Norton presiding.—Jeremiah Gallivan vs. Farmers and Mechanics Insurance Company; judgment for plaintiff for \$938.

Reuben W. Hopkins vs. Farmers and Mechanics Insurance Company; judgment for plaintiff for \$1,375.

Martha Preston vs. German Building Association No. 5; decree fixing time for taking testimony.

A. A. Burney vs. L. W. Spear; motion to set aside judgment of last term of court overruled.

Licenses to sell liquor were granted to Thomas Kelly and A. Kaletszi.

A TOUR OF THE WORLD.—Mr. Roland Yorke, of Greenock, Scotland, assisted by Miss Jessie Montrose, soprano soloist, of Edinburgh, will present at the Opera House to-night a picturesque tour of the world, combining the best features of the stereoscopic and concert. Great cities, centres of civilization, are succeeded by the sublime mountains of Switzerland, then through the Suez canal to the tropical vegetation of India; across the Pacific to Honolulu, thence to Washington. Many of the views will be described by the songs of Miss Montrose, while much incidental music has been arranged.

COUNTY LAND SALES.—The following sales of real estate have recently been made in the county: W. L. Lederer to G. T. Klipstein 25 acres near Nauck.

Ann Jones to Martha Saunders a lot in Wimsot's subdivision near Nauck station.

R. A. Gray to Henry Thomas 5 lots in Nauck.

G. L. Robinson and D. K. Trimmer to H. L. Crocker a lot at Fort Myer for \$500.

THE BAPTIST CHURCH last night had another large congregation, notwithstanding the fact that revival services were being held in two other churches. After Rev. Mr. Butler had concluded his sermon five persons joined the church and one applied for admission. The interest manifested in these protracted meetings is of such a nature that it is deemed expedient to continue them, and services will be conducted again to-night.

VESTRY MEETING.—At a meeting of the newly elected vestry of Christ Church last night Messrs. W. A. Smoot and E. S. Leadbetter were re-elected wardens and Mr. G. W. Ramsay treasurer. Mr. G. L. Boothe was elected registrar. Mr. L. M. Blackford was chosen as delegate to the Episcopal Council which meets next month in Charlottesville and Mr. E. S. Leadbetter alternate.

MINSTRELS.—Theatre goers will have an opportunity of witnessing George Thatcher & Carroll Johnson's 20th Century Minstrels on next Monday evening when they appear at the Opera House. The organization numbers 50 people and is said to be the best of its kind. Everything is of the high class and refined order in the style of the performance.

FIGHT IN A SALOON.—Three negro men occasioned some excitement in and about a north Fairfax street saloon last night by engaging in a fight, during which it is alleged one cut at another with a knife. Officers Hayes and McCuen appeared on the scene, parted the belligerents and locked them up. They were fined \$2.50 each this morning.

SALE POSTPONED.—The sale of the Potomac Shoe Factory, at the corner of Fairfax and Prince streets, advertised to take place to-day, was postponed for ten days.

THE POTOMAC FLATS.—The suit of the United States against Martin F. Morris and several others, filed November 26, 1886, to establish a title to certain parts of the Potomac flats, was revived in Washington yesterday by an order in equity, making Eliza L. Peter, Sarah N. Dunlop, Mary A. Dawson, Edward C. Peter, Robert B. Peter, Katharine G. Nelson, and Arthur Peter parties defendant in place of Mr. George Peter, who was a defendant on August 9, 1893. This order is made preliminary to the trial of the Potomac flat cases, which is set for the 22nd instant, before three of the District Supreme Court judges sitting in general term.

Mr. Herbert Knight's dog "Sank" was locked up in the new box stall at the Columbia engine this morning to prevent him from scaring the new horses, as he has been in the habit of following and barking at the old ones. He gnawed the bottom rail of the door in half and made his escape.

LOCAL BREVITIES.

The Alexandria police have been requested to keep a lookout for the thief who on Monday night robbed the Chilian minister's house in Washington of valuable jewelry.

Mr. John H. Greene, for Charles Brucher, to-day attached for debt the race horses "Irish Pat" and "Fonda." The horses are at Alexander Island and belong to F. J. Bevins.

Mr. Frederick Rector Lowe, son of the late Captain David A. Lowe, died in Elmhurst, N. Y., on Monday. The deceased was a native of this city where he lived up to a few years ago.

There was quite a surprise at the Southern Railway offices in Washington yesterday when the force was cut down twenty clerks. Many young men in Virginia were among this number.

Since the completion of their new brewery the Porter Brewing Co. have had in preparation a lager beer of superior quality and flavor. It is now about ready for use, and will be put on the market in a few days.

At Alexander Island yesterday, in the second race Lady Danby's bridle came entirely off her head, and she ran away three miles and a half. Murphy, who rode her, gave a clever exhibition of horsemanship, and was loudly applauded.

Mr. R. M. Wattles has instituted suit against Captain Herbert Bryant for \$2,500. This suit is the result of a misunderstanding regarding the settlement of a copartnership which formerly existed between the two men. Messrs. George A. Mushbach and James R. Caton will represent the plaintiff; Messrs. F. L. Smith and A. W. Armstrong the defendant.

The Christiansburg correspondent of the Richmond Dispatch says the Gen. Rev. Dr. Suter, now of Alexandria, once of Liberty, Pa., told him he was caught by a local wag, who said to him: "Mr. S. when I join the church, I'm going to join yours, because it don't concern itself about neither politics nor religion."

Marriage licenses were issued in Washington yesterday to Archie Burke, of Haymarket, and Charlotte Harris, of Paulsboro, Pa., and Katie Engelhardt, both of Alexandria, and to Philip James and Ada Coates, both of Falls Church.

Mr. Withers Waller caught 125,000 herring at one haul last Saturday at Widewater. It required five hours to take the fish from the seine. This is the largest catch on the Potomac for forty years.

A dog fight at the corner of King and St. Asaph streets this morning created considerable excitement and, as usual, attracted a large crowd.

The members of the chain gang make themselves generally objectionable by begging passers-by for money.

The new horses for the Columbia company were given their first trial this morning.

COUNTY NOTES.

The United States government is now engaged in improving some of the waste land upon the Arlington estate. There is about 1,100 acres in this estate, only about 200 acres being used for the National cemetery and Fort Myer, leaving 900 acres running waste by growing up in briars and bushes and washing into gullies. It is understood that the Secretary of War, who has jurisdiction of this estate, proposes to establish a national drill ground on this waste land.

James E. Clements has sold for Wilford Redmond a tract of land south of Falls Church, in Fairfax county, known as the "Fitzhugh place," containing ninety acres, to Mr. Charles W. Fox, of Washington city, for \$2,400. Mr. Fox has already commenced the erection of a large house and will improve generally the premises.

A large tract of land between Washington and Alexandria city, known as the "Addison tract," is being subdivided into building lots and villa sites, with wide streets and avenues, and will soon be put upon the market for sale.

The stone quarries along the Virginia shore of the Potomac between the Aqueduct bridge and the Chain bridge are being actively worked now, giving employment to many hundreds of men of the county.

The new brick church near Arlington postoffice is nearly completed, and services are now being regularly held therein.

THE RACES.—The weather to-day being fine the races at the St. Asaph track were largely attended, there being about 2,500 persons present. There were 24 books.
